

Braden Ransom

(818) 510-2011 | bsransom@uci.edu | bradyransom.com | Irvine, CA

EDUCATION

University of California, Irvine

Irvine, CA

B.S. Informatics, Human-Computer Interaction

Jun. 2026

- Coursework: Requirements Engineering, Project Management, Health Informatics, Social Analysis of Computing, Statistics, Programming in Python & Java, Humanities Core

EXPERIENCE

Perplexity AI

Aug. 2025 – Dec. 2025

Campus Partner

Irvine, CA

- Ran recurring workshops applying AI tools to real academic and professional workflows; generated **\$15K in pipeline** through organic outreach

Shades

Dec. 2024 – Mar. 2025

User Research Intern

Remote

- Ran **100+ structured interviews** and diary studies; synthesized findings into clear, prioritized documentation for the product team

NOW Pass

Dec. 2024 – Mar. 2025

UX Design Intern

Remote

- Delivered production-ready design assets for a platform with **100,000+ active users**

The Outspoken

Aug. 2020 – Aug. 2022

Director of Technical Writing

Pasadena, CA

- Managed team of 5 journalists across concurrent deadlines; owned editorial process end-to-end producing technical writing reaching **30,000+ readers**

LEADERSHIP & COORDINATION

Manifest @ UCI

Mar. 2025 – Apr. 2026

VP of Internal Affairs & VP of Finance

Irvine, CA

- Owned scheduling and event coordination for UCI's largest entrepreneurship community; tracked a **\$10K budget** across 40+ members

IFC (Interfraternity Council)

Dec. 2024 – Jan. 2026

VP of Risk Management

Irvine, CA

- Built tracking systems for health/wellness programming across **1,200+ members**

PROJECTS

BAA/RFP Proposal Automation | *Next.js, TypeScript, PostgreSQL, RAG, Claude API* Sep. 2025 – Mar. 2026

- Capstone with **Leidos & DARPA I2O**: AI pipeline (RAG + Claude API) transforming raw government documents into structured summaries

VagalTone | *Next.js, TypeScript, Web Audio API*

Jan. 2026 – Apr. 2026

- Built a vagal stimulation research study using paced-breathing protocols to modulate autonomic response, achieving a **93% z-score** on target outcomes; versioned data schema for downstream statistical analysis

StepLadder | *Next.js, TypeScript, PostgreSQL, Supabase, Docker*

Aug. 2025 – Dec. 2025

- Designed a therapist-patient clinical workflow platform for CBT, DBT, ERP, and ACT interventions, currently in beta with real clinicians; structured documentation and dashboards replaced unstructured PDF-based workflows

SKILLS

Technical: TypeScript, JavaScript, Java, Next.js, React, PostgreSQL, RAG pipelines, Claude API, LLM-powered workflows

AI Tools: Claude, ChatGPT, Perplexity, prompt engineering, AI-assisted research & writing

Productivity: Google Workspace, Microsoft 365, ClickUp, Notion, Jira

Writing & Production: Technical writing, editorial process, structured documentation, markdown

Research & Coordination: Semi-structured interviews, affinity mapping, scheduling, budget tracking, stakeholder communication
